-----

In order to continue providing interesting and useful meetings, the Board requests that members suggest ideas for new and useful demos on topics that would be interesting to all or most of us. Besides demos, we continue to ask members to write about how they usually use their computers, as well as other computer-related devices (Android phones, tablets, etc.). Please send your ideas/suggestions to [info@Mc3ComputerClub.org](mailto:info@Mc3ComputerClub.org)

If you have any relatives, friends, or neighbors who would be interested, perhaps you might suggest they come to a meeting. Guests are welcome.

-----

## Articles Requested

The article should be relevant and at least 100 words. Please send the article (in plain text or Word Document) to [info@Mc3ComputerClub.org](mailto:info@Mc3ComputerClub.org) to the attention of the editor.

Also, if you are reluctant to try writing an article but would like to suggest a particular subject, you may send the subject to the editor, who will find someone qualified to write it for us.

-----

Remember that there will be an extended Q&A in March. Please write out questions and either email them to [info@Mc3ComputerClub.org](mailto:info@Mc3ComputerClub.org) or bring them to the March meeting.

-----

If you want an exciting/interesting meeting, perhaps you might think about bringing your computer problems, ideas, and curiosity with you and sharing them with all the other members. *---The Editor*
